COMPANY OVERVIEW

Green Plan-IT LLC is a Service-Disabled Veteran-Owned Small Business (SDVOSB) specializing in halal and kosher food procurement and institutional subsistence distribution for federal correctional and medical facilities. Based in Lake Wylie, South Carolina, we supply Bureau of Prisons facilities, VA medical centers, and Defense Commissary Agency commissaries with certified specialty proteins and subsistence items. Our multi-vendor certified supply chain, active SDVOSB status, and direct experience with federal institutional delivery requirements make us a reliable subcontract partner for prime vendors operating under BOP and VA subsistence contracts.

CORE COMPETENCIES

• Halal-Certified Food Procurement and Distribution

- Certified halal protein sourcing across poultry, beef, goat, and lamb categories through suppliers holding active certifications
- Poultry sourced from Gainesville, GA supplier; beef, goat, and seafood covered through separate certified vendor relationships – reducing single-source risk
- Certification documentation packet maintained and available for immediate submission with solicitation response
- Capable of fulfilling standing institutional volume orders for BOP facilities requiring inmate halal religious diet compliance under Program Statement 4700.06

• Kosher Food Procurement and Distribution

- Active procurement relationship with Labriut
- Certification documentation available for solicitation submission and CO audit review
- Capable of fulfilling kosher dietary requirements under BOP religious diet accommodation requirements and VA patient dietary programs
- Experience coordinating specialty dietary sourcing on institutional delivery timelines

• Institutional Subsistence Supply

- Familiar with federal facility delivery protocols including controlled access, security screening, receiving documentation, and chain-of-custody requirements
- Sourcing and delivery of USDA-inspected proteins, specialty dietary items, and standard subsistence categories on agency-required delivery schedules
- Experienced coordinating with prime vendors and subsistence contractors as a compliant subcontract supplier
- Understanding of BOP food service operating environment including Program Statement 4700.06 (Food Services) and facility-specific receiving requirements
